

LIS SOLUTIONS MONTHLY NEWSLETTER MARCH 2022

MEET YOUR SECURITY TEAM

In April 2021, LIS Solutions invested in professional and dedicated personnel to effectively produce strategic security risk management and processing. Today, we would like to introduce you to three team members that are helping us reach our security goals.

**Director of Security:
Lisa Curtis**

Lisa has 23 years of experience in envisioning, building, and leading industrial operations and physical security organizations around the globe. Through the course of her career, Lisa has had

the pleasure of working CONUS and OCONUS with many different government and industrial clients. Lisa is passionate about volunteering her time and offering her expertise to the next generation of security professionals. In her spare time, Lisa plans, mentors, and coaches nonprofit organizations on how to succeed in their communities.

**Facility Security Officer:
Peter Cerami**

Peter has 10 years of security service experience that includes physical and industrial security. Peter's willingness to learn and become an effective security professional for LIS Solutions has led to his FSO appointment

within his first year of employment. Peter is dedicated to placing the mission first and also to providing the utmost security awareness for the company.

Security Specialist: Tommy Orozco

Tommy has 2 years of industrial security experience within the government contracting sector. He is extremely dedicated to his career, has a distinct interest in cyber security, and is working towards a master's degree in the field. Tommy is looking forward to continuing to hone his skills and developing his career in cyber and industrial security with LIS Solutions.

THE IMPORTANCE OF SECURITY

We are dedicated to protecting and safeguarding sensitive, classified, and proprietary information from all adversaries. We are invested in you as an asset. It is important to know that reporting is the most effective tool for your security team.

You must report the following types of information about yourself or other employees:

- Arrests or convictions for criminal offenses including drunk driving and traffic violations over \$300
- Financial difficulties, including bankruptcy, excessive indebtedness, and wage garnishments
- Aberrant behavior
- Alcoholism, use of illegal drugs, or abuse of legal drugs
- Emotional or psychological problems requiring treatment or hospitalization
- Affluence (wealth, acquisitions, investments) beyond known sources of income

ACTS OF A POSSIBLE INSIDER THREAT

Espionage: The act of obtaining, delivering, transmitting, communicating, or receiving information about national defense with an intent, or reason to believe, that the information may be used to the injury of the United States or to the advantage of any foreign nation.

Sabotage: An act or acts with intent to injure, interfere with, or obstruct the national defense of a country by willfully injuring or destroying, or attempting to injure or destroy, any national defense or war material, premises, or utilities, to include human and natural resources.

Terrorism: The calculated use of unlawful violence or threat of unlawful violence to inculcate fear; intended to coerce or to intimidate governments or societies in the pursuit of goals that are generally political, religious, or ideological.

Subversive Activities: Anyone lending aid, comfort, and moral support to individuals, groups or organizations that advocate the overthrow of incumbent governments by force and violence is subversive and is engaged in subversive activity. All willful acts that are intended to be detrimental to the best interests of the government and that do not fall into the categories of treason, sedition, sabotage, or espionage are considered subversive activity.
